Re: Treasures of Los Angeles

Dear Mayor Garcetti,

On May 14, 2015, CCA will host the **21st Annual Treasures of Los Angeles™ Awards Luncheon** at the Westin Bonaventure Hotel in Downtown Los Angeles. It will be a dynamic event attended by over 1,200 leaders in the business, civic and political communities. This year, we are delighted to honor our **President & CEO, Carol E. Schatz**, recognizing her 25 years of extraordinary service to Los Angeles and presenting her with the **Heart of the City Award**.

We would be honored if you would consider emceeding the event and presenting the **Heart of the City Award** to Carol. We have also invited former Mayors Richard Riordan, James Hahn and Antonio Villaraigosa to join the stage for the award presentation.

Please join us in recognizing Carol's invaluable service. This year marks 16 years of the Downtown Renaissance and 91 years of CCA. CCA celebrates the best of Los Angeles and continues to be the premier advocate for the Los Angeles business community.

We look forward to working with you to make the **21st Annual Treasures of Los Angeles™ Awards Luncheon** the best one yet. For further details, please contact Carol at

Hi Ana,

Eric was a big hit at our inaugural transportation summit—thanks so much for arranging it. Our conference got major kudos. It's two months before Treasures of LA, May 14, 11:30 to 1:30 at the Bonaventure and I wanted to hopefully confirm not only his attendance but ask him to serve as MC. You may remember from an earlier email that this year I will be getting the Heart of the City award as I celebrate my 25th anniversary with CCA and our role in this spectacular Downtown Renaissance and having him preside will be particularly meaningful to me in light of that. Mayors Hahn and Riordan have confirmed their attendance as have Eli and Edye Broad. I'll have Shawn Bratton on our staff get you the most up-to-date info.

Your help in making this happen will, as always, be greatly appreciated.

Best,

Carol

Ms. Schatz,

We've received the invitation for Mayor Garcetti to attend the CCA Transportation Summit on February 19th. The Mayor has previously scheduled engagements on his calendar but we are trying to move things around so he will be able to attend. We know you would like the Mayor to deliver the keynote but if he is not able to, are there any other possible roles the Mayor could take part in through the summit? Would it also be possible for us to get a program of the event?

Hello Carol,

There is an MTA Executive Management Committee Meeting (EMC) on February 19th that directly conflicts with the timing of your event. Damaris Vivar from our office emailed you earlier this week asking if there is any flexibility on the program. Ideally, Mayor could do it before EMC at 10:30am/10:45am. Let me know if this works.

MAYOR GARCETTI ANNOUNCES EARTHQUAKE PLAN FOR LOS ANGELES

Read the Resilience by Design Report at www.lamayor.org/earthquakes

LOS ANGELES – Mayor Eric Garcetti today released Resilience by Design - a plan to address the city's greatest earthquake vulnerabilities, including building retrofitting and steps to secure our water supply and communications infrastructure.

Mayor Garcetti's Science Advisor for Seismic Safety Dr. Lucy Jones, a renowned United States Geological Survey seismologist, led the development of this report and assembled technical experts and consulted with businesses, property owners and other stakeholders to help inform the City's action steps. Dr. Jones was appointed in January, under a unique partnership with the US Geological Survey.

"Los Angeles has always been an epicenter of seismic risk," Mayor Garcetti said. "But today we are taking bold action to make LA an epicenter of earthquake preparedness, resilience and safety. Instead of being complacent and then jarred into action by a devastating earthquake, LA is moving forward proactively with a comprehensive package of preparedness and resiliency measures to fortify our buildings, protect our water supply, and keep our telecommunications online when the 'Big One' hits."

Mayor Garcetti's plan would require retrofitting of two types of vulnerable buildings. Retrofits would be required within 5 years at "soft-first-story" buildings built prior to 1980, and retrofits would be required within 25 years at "non-ductile reinforced concrete" buildings built prior to 1980.

The plan recommends significant investments in fortifying our city's water supply, including developing an alternative water system for firefighting, protecting our aqueducts that cross the San Andreas Fault, increasing local water sources, and developing a network of resilient pipes.

The plan also calls for upgrades to our city's telecommunications network to enable Internet and mobile connectivity after an earthquake, including creating partnerships with providers for shared broadband services after disasters, protecting power systems at fault crossings, creating a solar-powered citywide Wi-Fi network to avoid power disruptions, and fortifying cell phone towers.

"We acknowledge that we cannot prevent 100% of the losses in an earthquake. What we are trying to do is prevent the catastrophic collapse of our economy by addressing the biggest vulnerabilities," said Dr. Lucy Jones. "And if all of these recommendations are enacted, I believe that Los Angeles will not just survive the next large earthquake but we will be able to recover quickly and thrive."

You can read an executive summary and the entire Resilience by Design report at www.lamayor.org/earthquake

Hello All,

As you are aware, the City of Los Angeles has been engaged in an important partnership with Dr. Lucy Jones and the U.S. Geological Survey (USGS) in the formulation of recommendations aimed at strengthening the seismic resilience of the City of Los Angeles.

On Monday, December 8, Mayor Garcetti will be announcing the release of the City of Los Angeles Seismic Resilience Report, which has been an important product of this partnership.

This work could not have been accomplished without the incredible collaboration and input from our community partners. As you have been a critical partner in this work, we would like to extend an invitation for you to join us in attending this press conference event at City Hall.

The details are as follows:

Monday, December 8 - 11:30 am

City Hall - 3rd Floor

Mayor's Press Conference Room (Room 303)

200 N. Spring St.

Los Angeles, CA 90012

We hope that you are able to make it. If you are able to attend, please RSVP to Leslie Jimenez (leslie.jimenez@lacity.org) by 3 pm on December 5, 2014.

If you require parking arrangements, please send the make, model, and license plate number of your vehicle to Leslie as well.

Thank you for your partnership in this effort,

I have indeed heard that they are planning something tomorrow. There is no ordinance or policy before the Mayor (or the city council as far as I know), so it is difficult for us to take a position. We'd of course welcome the feedback from your Coalition as this moves forward. I am including Kelli as she has stuff monitoring this proposal as it winds its way through the city council.

Hello Carol,

There is an MTA Executive Management Committee Meeting (EMC) on February 19th that directly conflicts with the timing of your event. Damaris Vivar from our office emailed you earlier this week asking if there is any flexibility on the program. Ideally, Mayor could do it before EMC at 10:30am/10:45am. Let me know if this works.

Our office emailed you from our mayor.scheduling@lacity.org account, not sure if got sent to your spam folder.

Ana,

I do appreciate the fact that you have maneuvered Eric's schedule to allow him to come to Treasures—thank you. Your scheduling office informed us this morning that he will be there between 11:30 & 11:45—during our official pre-lunch schmooze period. The formal Treasures program begins at 12. I would be happy to push that forward to 11:55 possibly even 11:50 (need to check with my events team) but that's probably the best I can do. I can't change the timing dramatically as everyone who is coming (over a 1000 people at this point) are going by the program timing on the invite which has been sent multiple times. I thought the Mayor could quickly open the program and be out by 12:10. Obviously, I'll be delighted to welcome him whenever he comes but if there is anything you can do to give us a bit more of his time so he can have a brief but formal speaking role I would be exceedingly grateful. If not, I understand. Thank you—

Carol

Ana, There are two very important and timely issues that we'd like to address with the Mayor -- the homeless State of Emergency and street vending.

We are in agreement with the Mayor's proposal to declare a State of Emergency and we thank the Mayor for his leadership. The homeless crisis hits us in Downtown hardest and in ways that you might never expect or hear of but that are profound and disturbing. We have become increasingly concerned by reports from Downtown parents with young children who have been harassed by transients in the play area in Pershing Square and on Downtown streets. As a result, many are threatening to move out of Downtown. I believe many already have. Clearly, young families are the best way we can build a true community in Downtown. We would like to schedule a meeting with some of these parents and the Mayor to make him aware of this situation. The sooner the better as we make our own plans to deal with this crisis.

On street vending, I recall that the Mayor has agreed to meet with the street vendors on Oct. 7th. While we have a meeting with Kelli on the 7th on that topic we would also appreciate a few minutes with the Mayor and representatives of the city-wide coalition that has attracted the support of more than 1,000 small business owners, as well as the major business improvement districts and homeowner and other community groups. I would also appreciate knowing that the Mayor will make no commitments on the issue until he has heard from our side—through Kelli or preferably from us directly.

As you are no doubt aware, Downtown is ground zero for street vending and coupled with the homeless issues it puts our community further at risk.

Please help us communicate these issues directly to Eric.

Best,

Carol

Hi Carol.

You are meeting with the right person on the 7th. As you know, Kelli is overseeing our homelessness strategy. A member of her staff is also following the street vending coalition campaign and collecting feedback from stakeholders on all sides of the issue.

As you know, there is no street vending policy or ordinance for the Mayor to take a position on at this time. Kelli and I have shared your concerns with the Mayor and will continue to do so as you provide us with your perspective and recommendations.
